

## Culinary Partner Opportunity

### **Meals That Matter. Impact That Lasts.**

*Join us for an evening that brings our community together around great food, powerful stories, and shared purpose.*

At Nourish Night Out, the evening begins with what we know best: great food brings people together. The doors open and the room fills with conversation and anticipation as guests gather to enjoy drinks, connect with friends and neighbors, and celebrate the creativity of our local culinary community while supporting Nourish Meals on Wheels.

**Please join us as part of a limited group of standout local chefs and restaurants in creating this experience by providing prepared, bite-sized, passable appetizers for the reception, where approximately 250 guests will gather to connect and celebrate. These small bites offer guests their first taste of the evening while showcasing your talent and creativity.**

Your participation helps create a welcoming and memorable start to the evening while supporting Nourish's mission to provide nutritious meals and meaningful connection for older adults across South Metro Denver. Together, we celebrate the powerful role food plays in bringing people together and caring for neighbors.

In appreciation, we proudly recognize our culinary partners throughout the event and in our communications with the Nourish community.

*To ensure your details are included in event communications, printed materials, and promotional recognition, please complete and return the attached details by May 1.*

# Nourish Night Out

**Thursday, June 18, 2026**

**Highlands Ranch Senior Center**

Gather around the table for a shared meal inspired by our clients' favorite Nourish dishes prepared by Executive Chef Andrew Forlines. Through food and storytelling, experience firsthand how meals and connection create moments that matter.

Enjoy beer, wine, and appetizers from local culinary partners, bid on exciting auction items, and celebrate alongside supporters who share a commitment to caring for older adults.

Each day, Nourish Meals on Wheels prepares and delivers nutritious, scratch-made meals to older adults, along with friendly visits that help reduce isolation and support independence at home.

Together, we're turning generosity into **Meals That Matter and Impact That Lasts.**

**A meal can nourish more than the body.  
It can bring back a lifetime of memories.**

"My late husband and I loved baked potatoes with chili on cold days. When I see that meal now, it brings back memories that warm my heart. I look forward to every delivery. It's the little extras that remind me someone cares and that makes me feel wanted."

— **Betty B., 98**
